Document details

Categories of variables	Subjective Cognitive Decline and MyCog questionnaires
Summary of work undertaken	Cleaning Description/Rationale: 1. The onset variable (see below) had a value of “unknown” which was coded as -99. 2. All Yes/No variables were coded as 0=No; 1=Yes
Names of source variables	id, ID, number), difficulties, twoyears, peers, onset, doctor, report, phone, possessions, film, appointments, book, family, sport, money, conversation, strategies, news, famous, acquaintance, street, word, time, place, concentration, planning, devices, different, conversations, arithmetic, multitasking, mycog_tot
Output variables	scd_difficulties_I46P1, scd_twoyears_I46P1, scd_peers_I46P1, scd_onset_I46P1, scd_doctor_I46P1, scd_report_I46P1, mycog_phone_I46P1, mycog_possessions_I46P1, mycog_film_I46P1, mycog_appointments_I46P1, mycog_book_I46P1, mycog_family_I46P1, mycog_sport_I46P1, mycog_money_I46P1, mycog_conversation_I46P1, mycog_strategies_I46P1, mycog_news_I46P1, mycog_famous_I46P1, mycog_acquaintance_I46P1, mycog_street_I46P1, mycog_word_I46P1, mycog_time_I46P1, mycog_place_I46P1, mycog_concentration_I46P1, mycog_planning_I46P1, mycog_devices_I46P1, mycog_different_I46P1, mycog_conversations_I46P1, mycog_arithmetic_I46P1, mycog_multitasking_I46P1, mycog_totalrec_I46P1
Papers using these variables	N/A

Summary

The **Subjective Cognitive Decline** questions are below, with variable names shown in red. All are Yes/No questions, apart from the onset question, which requires the age to be entered as an integer between 20 and 100, or entered as “unknown”.

Do you perceive memory or cognitive difficulties? (difficulties)
In the last two years, has your cognition or memory declined? (twoyears)
If yes, do you perceive memory or cognitive difficulties more than other people the same age? (peers)
At what age did these start? (onset)
Would you ask a doctor about these difficulties? (doctor)
Would you like the letter to your GP to report these difficulties that you have mentioned? (report)

The **MyCog** questions are below. All are Yes/No questions, apart from the total score, which is out of 24. Participants are instructed to answer YES if they believe they perform these activities WORSE than roughly two years ago. Rami, L., M.A. Mollica, C. Garcia-Sanchez, J. Saldana, B. Sanchez, I. Sala, C. Valls-Perdret, M. Castellvi, J. Olives, and J.L. Molinuevo. 2014.The subjective cognitive decline questionnaire (SCD-Q): A validation study. J. Alzheimer’s Dis. 41:453-466

I find it harder to learn new telephone numbers. (phone)
I find it harder to find personal possessions (keys, telephone, utensils, etc.. (possessions)
I find it harder to describe the plots of films. (film)
I find it harder to remember doctor's appointments. (appointments)
I find it harder to follow the plot of a book. (book)
I'm worse at recalling the details of a recent family event. (family)

I find it harder to remember the result of a recent sporting event. (sport)
I find it harder to remember sums of money (payments or debts. (money)
I find it harder to remember the details of a conversation. (conversation)
I find it harder to remember things without using strategies (lists, diary, etc.. (strategies)
I find it harder to remember the details of recent news. (news)
I find it harder to remember famous people's names. (famous)
I find it harder to remember the names of people I've met recently. (acquaintance)
I find it harder to remember street and city names. (street)
I'm worse at finding the word I want to use in a conversation. (word)
I find it harder to understand things the first time someone says them. (time)
I find it harder to remember the names of places I've visited recently. (place)
I find it harder to concentrate on what I am doing. (concentration)
I'm worse at planning things that aren't part of my daily routine (travel, excursions, etc.. (planning)
I find it harder to use electronic devices. (devices)
I find it harder to start new or different things (different)
I find it harder to start conversations. (conversations)
I find it harder to do mental arithmetic. (arithmetic)
I find it harder to do more than one thing at once without getting agitated (multitasking)
Total Score (mycog_tot)

Variables in this document

31 high-confidence matches

Variable	Label	How it was found
Sub-Studies [57] › Insight46 [699] › Health and medical history [6040] › Personal history of neurological disorder [60401]		
mycog_acquaintance_i46p1	I find it harder to remember the names of people I have met recently - Insight46 phase 1	topsheet field
mycog_appointments_i46p1	I find it harder to remember doctor's appointments - Insight46 phase 1	topsheet field
mycog_arithmetic_i46p1	I find it harder to do mental arithmetic - Insight46 phase 1	topsheet field
mycog_book_i46p1	I find it harder to follow the plot of a book - Insight46 phase 1	topsheet field
mycog_concentration_i46p1	I find it harder to concentrate on what I am doing - Insight46 phase 1	topsheet field
mycog_conversation_i46p1	I find it harder to remember the details of a conversation - Insight46 phase 1	topsheet field
mycog_conversations_i46p1	I find it harder to start conversations - Insight46 phase 1	topsheet field
mycog_devices_i46p1	I find it harder to use electronic devices - Insight46 phase 1	topsheet field
mycog_different_i46p1	I find it harder to start new or different things - Insight46 phase 1	topsheet field

Variable	Label	How it was found
mycog_family_i46p1	I am worse at recalling the details of a recent family event - Insight46 phase 1	topsheet field
mycog_famous_i46p1	I find it harder to remember the names of famous people - Insight46 phase 1	topsheet field
mycog_film_i46p1	I find it harder to describe the plots of films - Insight46 phase 1	topsheet field
mycog_money_i46p1	I find it harder to remember sums of money (payments or debts) - Insight46 phase 1	topsheet field
mycog_multitasking_i46p1	I find it harder to do more than one thing at once without getting agitated - Insight46 phase 1	topsheet field
mycog_news_i46p1	I find it harder to remember the details of recent news - Insight46 phase 1	topsheet field
mycog_phone_i46p1	I find it harder to learn new telephone numbers - Insight46 phase 1	topsheet field
mycog_place_i46p1	I find it harder to remember the names of places I've visited recently - Insight46 phase 1	topsheet field
mycog_planning_i46p1	I am worse at planning things that aren't part of my daily routine (travel, excursions, etc.) - Insight46 phase 1	topsheet field
mycog_possessions_i46p1	I find it harder to find personal possessions (keys, telephone, utensils, etc.) - Insight46 phase 1	topsheet field
mycog_sport_i46p1	I find it harder to remember the result of a recent sporting event - Insight46 phase 1	topsheet field
mycog_strategies_i46p1	I find it harder to remember things without using strategies (lists, diary, etc.) - Insight46 phase 1	topsheet field
mycog_street_i46p1	I find it harder to remember street and city names - Insight46 phase 1	topsheet field
mycog_time_i46p1	I find it harder to understand things the first time someone says them - Insight46 phase 1	topsheet field
mycog_totalrec_i46p1	MyCog total score (out of 24) - Insight46 phase 1	topsheet field
mycog_word_i46p1	I am worse at finding the word I want to use in a conversation - Insight46 phase 1	topsheet field
scd_difficulties_i46p1	Do you perceive memory or cognitive difficulties? - Insight46 phase 1	topsheet field
scd_doctor_i46p1	If yes to either scd_difficulties_i46p1 or scd_twoyears_i46p1 , would you ask a doctor about these difficulties? - Insight46 phase 1	topsheet field
scd_onset_i46p1	If yes to either scd_difficulties_i46p1 or scd_twoyears_i46p1 , at what age did these dfficulties start? - Insight46 phase 1	topsheet field
scd_peers_i46p1	If yes to either scd_difficulties_i46p1 or scd_twoyears_i46p1 , do you perceive memory or cognitive difficulties more than other people the same age? - Insight46 phase 1	topsheet field
scd_report_i46p1	If yes to either scd_difficulties_i46p1 or scd_twoyears_i46p1 , would you like the letter to your GP to report these difficulties that you have mentioned? - Insight46 phase 1	topsheet field
scd_twoyears_i46p1	In the last two years has your cognition or memory declined? - Insight46 phase 1	topsheet field
